

## FAIR DAY AHEAD FOR HORSE SHOW

Weather Man Promises to  
Smile Upon Opening at  
Arlington Park.

Everything is in readiness for the opening of the National Capital Horse Show at Arlington Park, at 2 o'clock tomorrow. The show rings are ready and the track has been put in condition for the races that are to be a daily feature. All the horses are on the show grounds and have been thoroughly conditioned during the past week. Even the weather man has been propitious and has promised fair weather for tomorrow.

That this year's show will surpass anything in the history of the local association is indicated by the 865 entries in eighty-three classes. Practically every kind of show horse known to the tanbark and turf is entered in one of the various classes. For the first time in the history of the horse show, the President of the United States has entered his own saddle and Harbell, President Harding's entry, will be exhibited and ridden by Sgt. Joseph Matheson, who has charge of the horse.

**President to Be Away.**  
The gallery this year will feature practically all the notables in the capital. The President and Mrs. Harding are to be out of town for the week end, but the President may attend the show next week.

The decision to enter Harbell in the show was made known to a committee from the National Horse Show Association, consisting of Rear Admiral Cary T. Grayson, Thomas Bones, Horace H. Westcott and Melvin C. Hazen, who called at the White House to ask the chief executive to attend the show. The acquisition of the President's horse for show purposes greatly pleased the committee, as Harbell is of splendid stock, and, while perhaps not schooled to show work, can be developed into a winner.

**Good Racing Card.**  
The races will be one of the strong features of the show. Racing Manager Bones has obtained a splendid card of entries, and all the riders and drivers will be strictly amateurs. Mr. Bones stated yesterday that he looked for more real racing with amateurs up than with professionals, as the amateur is in the race for the sport and not for any profits that may accrue.

Two worthy charities will be represented at the show. The tearoom will be operated by a committee headed by Mrs. Cary T. Grayson and Mrs. Thomas B. Sweney for the benefit of the Children's Hospital, and the Salvation Army will have the flower-selling concession. Many of the boxholders have already arranged to have tea in their boxes each afternoon.
